

SERENITY AND TRANQUILITY OF MARBLE.

REVEALING THE ART OF MARBLE.

AUTHENTIC DECORATION REAL CERAMIC MATTER.

Inspiration comes from nothing and at the same time from everything. It comes to ruffle our minds and caress our hearts.

To be inspired is to create, devise and drive. we push ourselves with our eyes set on a single place: you.

We put all our focus on your space, your way of life, your day-to-day life ... Because there is nothing easier than looking at the little everyday things to capture what is truly important.

We create spaces that speak about you, that transmit, that create memories full of unique moments ...

We are convinced that now is the time to put all your attention on what is not seen, on all those little invisible things that make life wonderful.

It's time to Focus.
It's time to you.

THE STRONG, EXPRESSIVE FEATURES OF A TIMELESS MATERIALS

The inspiration comes from real stones, some of the most evocative found in Italy, from those that stand out against the Alps to those that shape the coasts of seas. Our ceramic tiles are hygienic, easy to clean, and mold resistant. The special surface makes them non-slip, even safe on wet surfaces, and resistant to frost because they do not absorb water.

Sometimes your things go unnoticed. It's seem insignificant though that in reality they are essential.

Focus puts what really matters in the center: devote time and love at development of each design and talk face-to-face head with our clients.

REVEALING THE ART OF MARBLE.

REVEALING THE ART OF MARBLE.

MARBLE LOOK

A minimal, contemporary style, in which sophistication and balance make for a wonderfully inviting atmosphere: authentic surfaces, desaturated colors, and selected furnishings to design exclusive yet welcoming atmospheres.

An authentic, accommodating style, in which nature and design engage effortlessly: material surfaces, natural elements, and details inspired by the world outside to create sensations of extreme physical and mental well-being.

A timeless style, in which elegance and modernity blend seamlessly: sophisticated surfaces, soft colors, furnishings inspired by the past to create intimate, engaging atmospheres

We create spaces that speak about you, that transmit, that create memories full of unique moments ...

We are convinced that now is the time to put all your attention on what is not seen, on all those little invisible things that make life wonderful.

It's time to Focus.
It's time to you.
