EXPERIENCE

WE ARE EXPERIENCE

We've been involved in the manufacturing of wide variety of tiles since more than two decades now and completely understand what goes behind making a fine product. With so much experience we always make sure to come up with what our customers want.

Our customers are our number one priority and we want to build an experience for them that they will remember for a lifetime. We want to have a relationship with them that helps us grow mutually and is nurtured into a continuous growth cycle.

DESIGN

WE ARE DESIGN

We design and develop our products from the drawing board to production, thereby guaranteeing unique textures and patterns for each piece.

All of our collections are perspicuously thought of, developed and brought to life by taking meticulous measures. Careful considerations of geometry, finish, colour combinations and design variations comes into picture while crucially examining and working towards generating an end product. We make sure our products make a great visual impact wherever they are equipped in.

QUALITY

WE BELIEVE IN QUALITY

Quality is of utmost importance to us, it is through sheer determination and uninterrupted dedication towards our work that helps us generate the kind of quality our customers appreciate. It is our exceptional quality that has led us to build long lasting relationships with our customers, it is also the root cause of the faith that people have put in us. Unclenched and unhinged measures are taken at all times to maintain superior standards of product quality.

SURFACE

THE ULTIMATE EXPRESSION OF MINIMALISM

Surfaces made by Siyaram make a powerful statement with their sheer simplicity. No fuss, no frills, just pure perfection. With their natural and fine textures, tiles made by Siyaram are an ideal choice in creating a minimalist look and feel.

All surfaces no matter where they are equipped in, suit extremely well with the surroundings, either with a contemporary or minimalist mood, or in residential or commercial contexts.
